

**Charlotte Pagan Pride presents
 The Piedmont's 8th Annual
 Pagan Pride Day!**

The Pagan Pride Project is an international nonprofit organization dedicated to community awareness and education about people of Pagan beliefs, in the hope of fostering tolerance for all religions.

Our event will include a Harvest Ritual and prayer services open to the public, and several lectures, demonstrations and information booths representing a wide range of topics. We'd like to once again welcome our fellow members of the Piedmont area community to join us in a day of festive learning and fun!
